

# !! CONSTRUCTION ALERT !!

## CENTRAL HEBER WATER & SEWER REPLACEMENT PROJECT

### ▶ NOTICE: Construction Coming Soon

Beginning March 4th, construction activity is expected to start at 100 S and 100 E and moving eastward along the areas highlighted below. This will require the progressive closure of residential streets, in sections, through June 2024. Detours will be posted. Since water and sewer lines will be replaced, be prepared for intermittent disruptions to your service. Final paving is expected once all work is complete. [See project website for additional details]

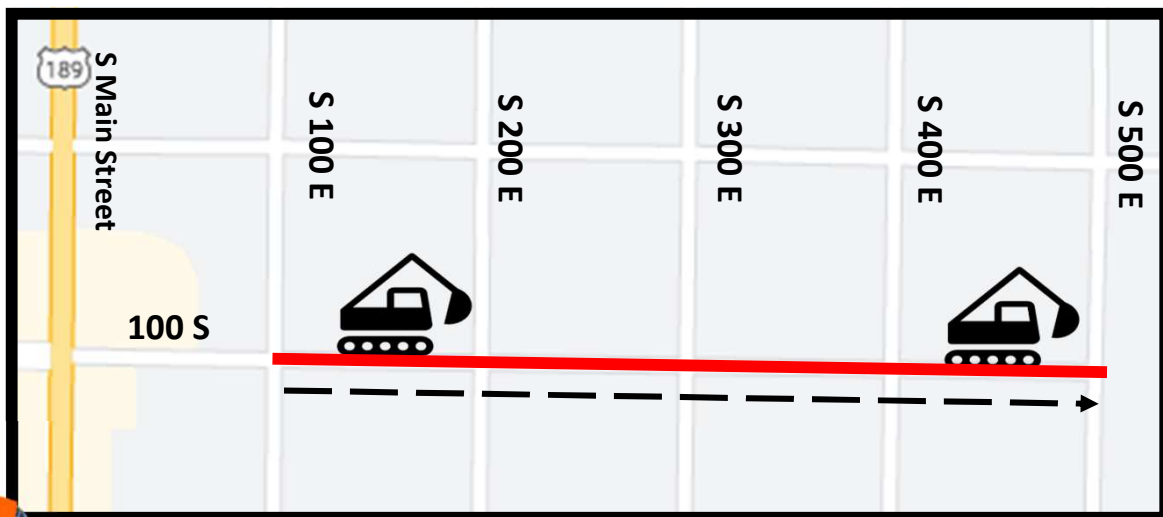

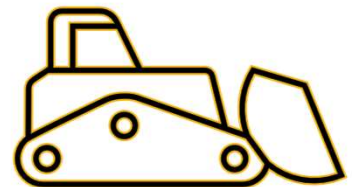

**\*Parking will be restricted on 100 S. Please park on adjacent streets during construction.**

You will be provided a 48-hour notice. (Note: Most service disconnects last 4-8 hours)

Crews will enter your street and begin installation of items in the following order...

- Excavate and install sewer main line
- Excavate and install water main line
- Install pipeline laterals into properties for both water/sewer
- Install pressurized irrigation with laterals into properties
- Install fiber-optic cable as determined by Strata contractor
- Roadway paving (by Summer 2024)
